

DESTINY BOND

BE MY VENGEANCE REVIEW QUOTES

“Destiny Bond make melodic hardcore that doesn’t sacrifice speed or authenticity. [DESTINY BOND] slash their way through galvanizing songs about fostering unity within their scene, reclaiming space for queer kids, and embracing your whole identity no matter what gets in the way. It’s 19 minutes of music that’s made to get stuck in your head.” – **Nina Corcoran, *Pitchfork* – Score: 7.4**

“Destiny Bond roar through their debut album *Be My Vengeance* in less than 20 minutes, a punk rock whirlwind that is bright and pulverizing with both positivity and positively-charged fury.” – **James Rettig, *Stereogum*, The 40 Best New Bands Of 2023**

“*Be My Vengeance*, culls from a variety of influences — a little bit of Revolution Summer melody, some SST-core experimentation — to create something that makes most modern hardcore records (even the best of them!) sound rigid by contrast. At its best, punk and hardcore can be poetic. Destiny Bond achieve that — *and* they fucking rip.” – **Eni Enis, *Revolver***

“It’s a fierce, passionate slab of in-your-face hardcore punk” – **Janelle Jones, *New Noise***

“Destiny Bond is going to save lives. It is rare that a band manages to capture so perfectly, so passionately, so painfully, the deep angers and anguishes of an entire generation. With heartfelt sincerity, incendiary energy, and deeply personal lyrics, the band has quickly established a large and committed base of fans who have been waiting for an artist like this to be their voicebox.” – **Evan Martin-Casler, *CvltNation***
