

BIO

Spidergawd is a rock band formed in Trondheim, Norway in 2013. The founding fathers of the beast was Per Borten (Cadillac and Moving Oos) on guitars and vocals, Bent Sæther (Motorpsycho) on bass, Rolf Martin Snustad (Hopalong Knut) on saxophones and Kenneth Kapstad (Monolithic and Motorpsycho) on drums. On June 1 2016 it was announced that Bent Sæther was leaving the band to have more time for his main band. The band brought on Hallvard Gaardløs as a fulltime bassist, and after falling in love with the young bassplayer from Toten, he stayed put from the first strum. In 2019 the band thought it was a good idea to add some more guitar sound, and so the very much appreciated Brynjar Takle Ohr became a full time member of the band, which makes them a five piece band with a massive wall of sound.

They released their debut album Spidergawd on 31 January 2014, their sophomore album Spidergawd II on 16 January 2015. The third album, appropriately called Spidergawd III, was released 22 January 2016. Spidergawd IV on the 24th february 2017. Spidergawd V on 11th of january 2019, and Spidergawd VI was out on 9th december 2021.

And now Spidergawd VII will mess with everybodys ears from the 10th november 2023.
The band tours europe and Scandinavia with every album.

Message from Spidergawd:

Spidergawd VII // Tour of 2024

Brothers and sisters!!!
It is time to celebrate our ten year anniversary!

This decade has granted us 7 albums and 7 tours (album no. VII was finished May 2023)
You may recognize the first album release in 2014 as year zero, or the recording of that album in 2013.
That's all up to you. Nevertheless. The celebration of this decade of rock'n roll starts round new year....!!!!!!!!!!!!
-And you are all invited!

We hope I'll see you all there in the sea of hands!

Yours Truly

Spidergawd
